ACADEMIC WORKS

Project

📁 Pineapple Farm Management System

A computerized platform designed to assist pineapple farmers in selling their produce and purchasing various agricultural supplies.
Front End Tool : ASP.NET ; Back End tool : SQL Server 2014

📁 Online OP Ticket Booking

A computerized system that allows patients to book outpatient tickets through the internet. This system streamlines the process of scheduling appointments, reducing the need for in-person visits to the hospital or clinic.

Front End Tool: Angular ; Back End Tool: Node.js
